

## **MINI PROJECT (Dataset Identification)**

Dataset Name: *Coffee And Code Dataset*

### ***Context***

Having a cup of coffee by your side when you dive into some complicated code is part of a habit. It's almost like a trigger for me when I'm pondering a complicated problem: As soon as I sit down with a cup of coffee in my hand I know the ideas will start flowing.

### ***Content***

This dataset provides interesting data points from fields like - CodingHours and CoffeeCupsPerDay.
